

RED ELÉCTRICA
DE ESPAÑA

**Línea eléctrica doble circuito a 400 kV
Balboa-Alqueva**

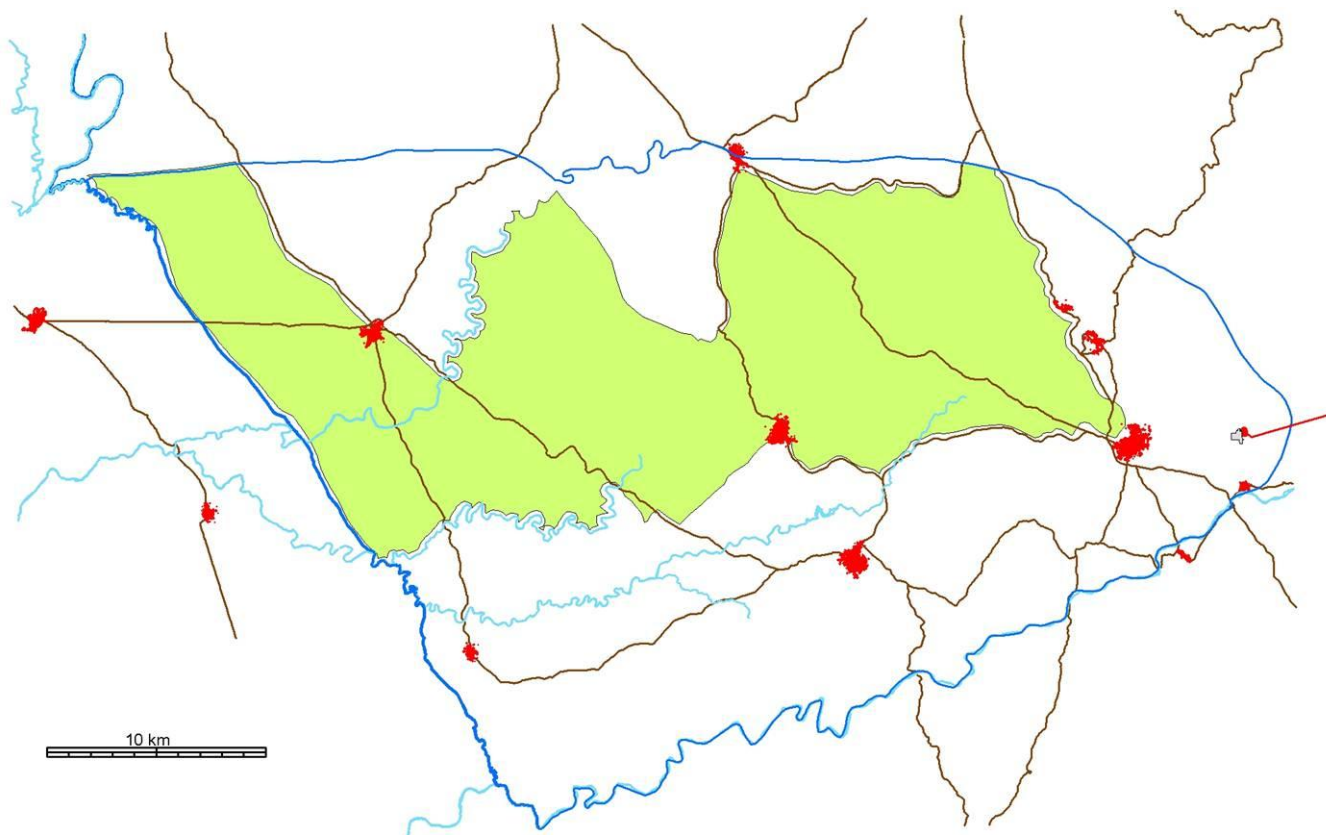

Inventario ambiental. Ámbito de estudio

Red Natura 2000 (Dir. 79/409/CEE) Zonas de Especial Protección para las Aves (ZEPA)

Red Natura 2000 (Dir. 92/43/CEE) Lugares de Importancia Comunitaria (LIC)

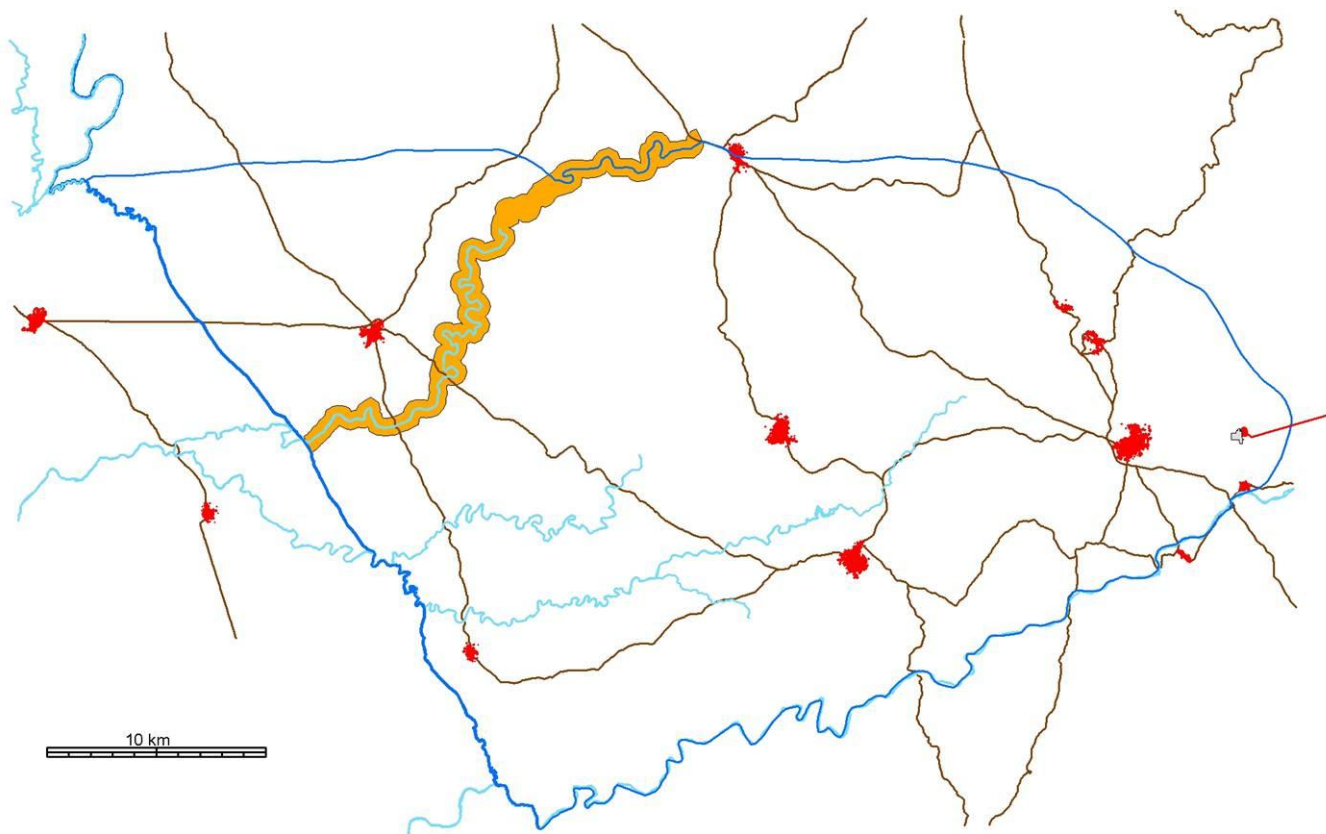

Red Natura 2000 (Dir. 92/43/CEE) Hábitats prioritarios

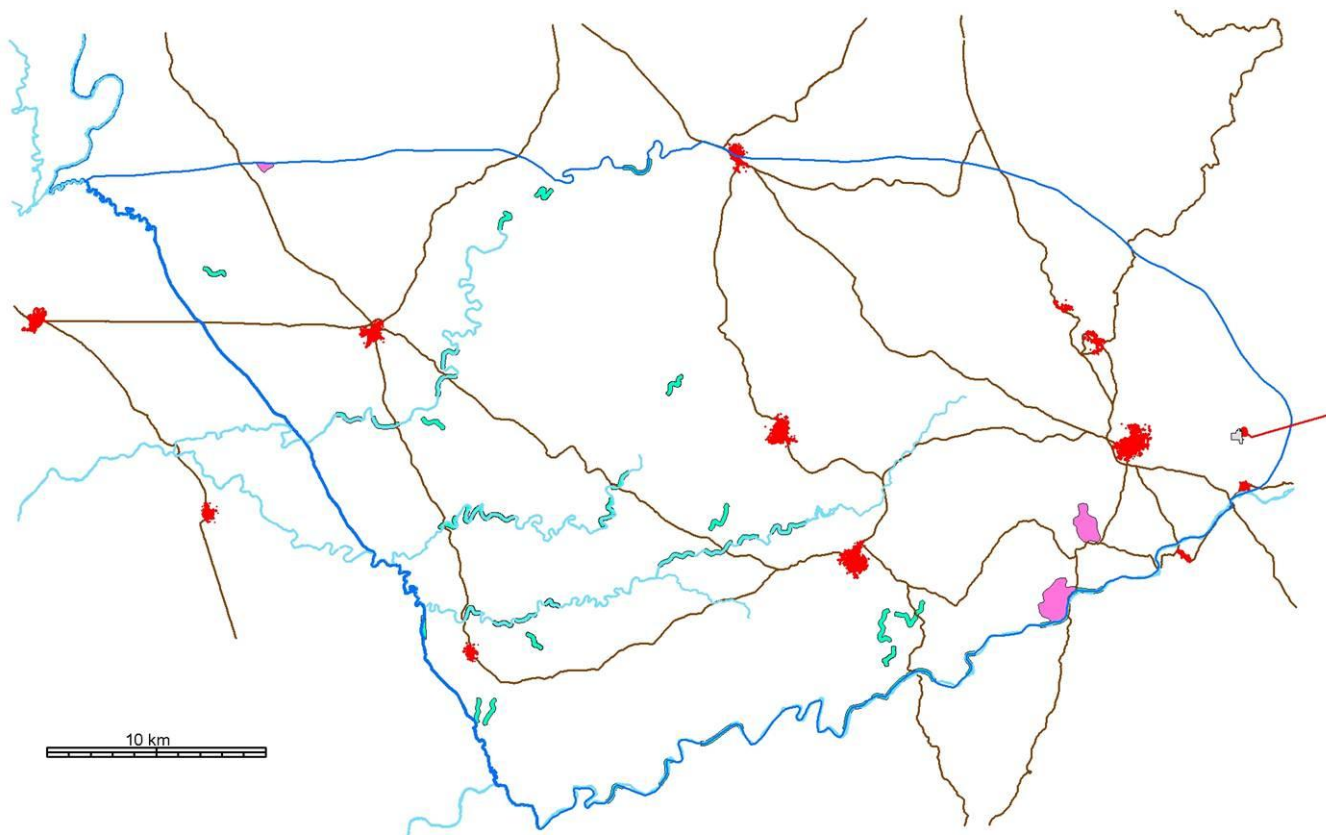

Futuro corredor ecológico y de biodiversidad

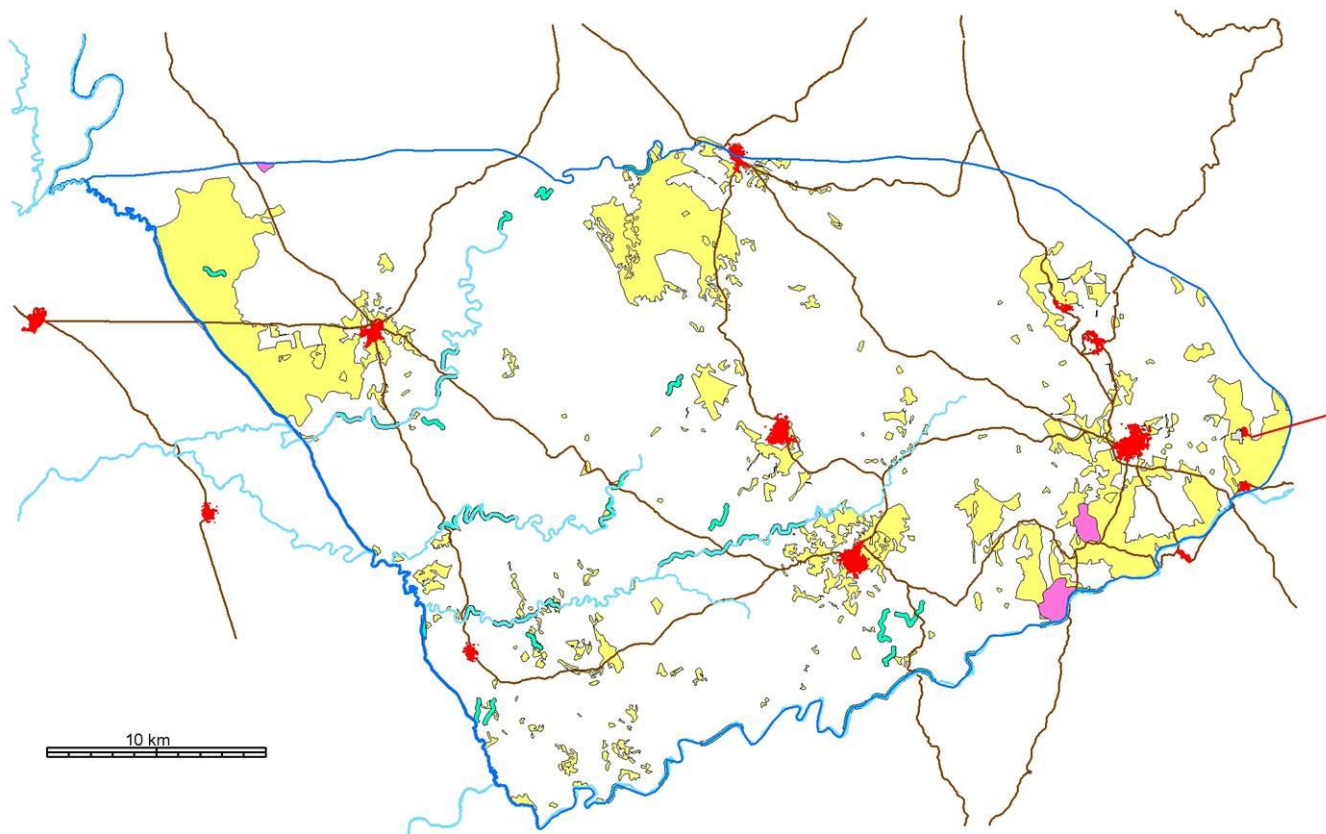

Galerías ribereñas

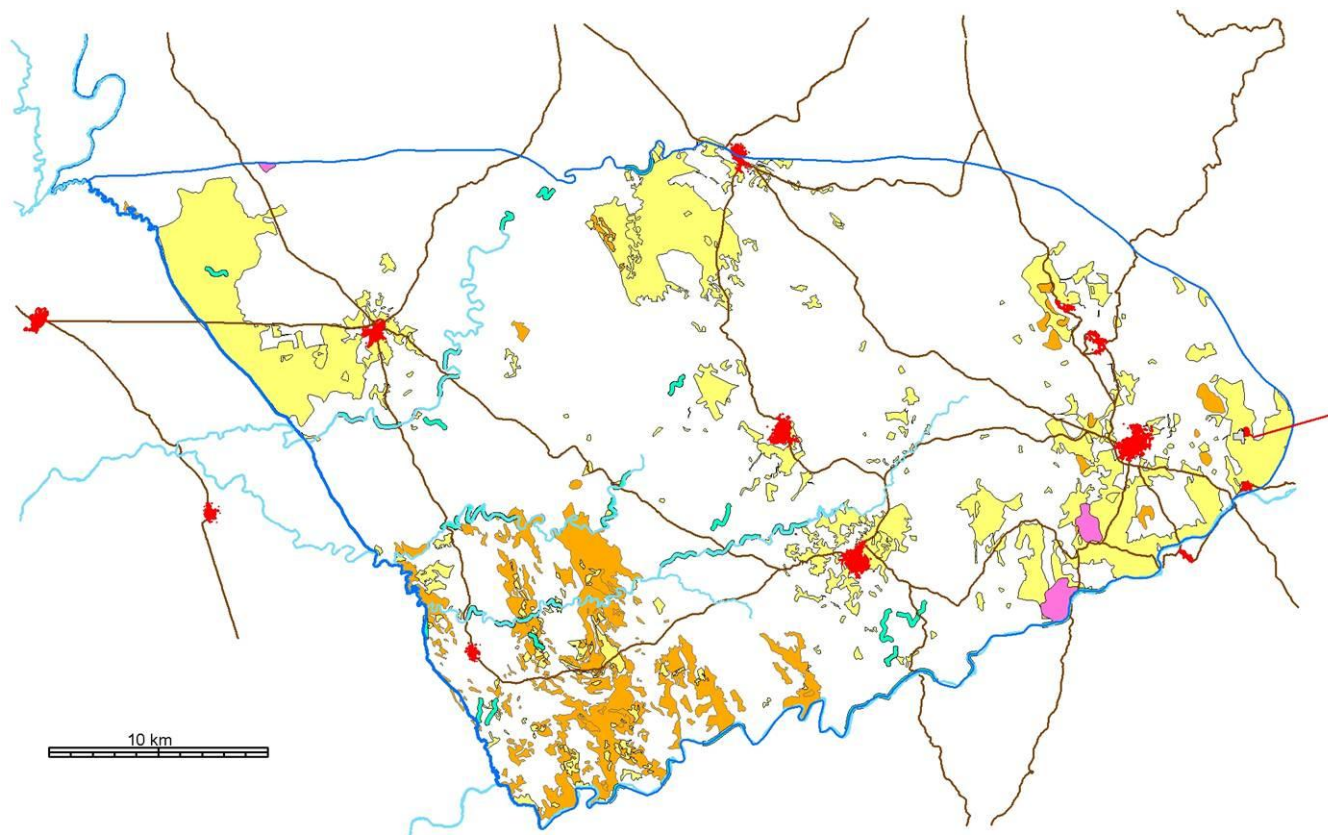

Cultivos

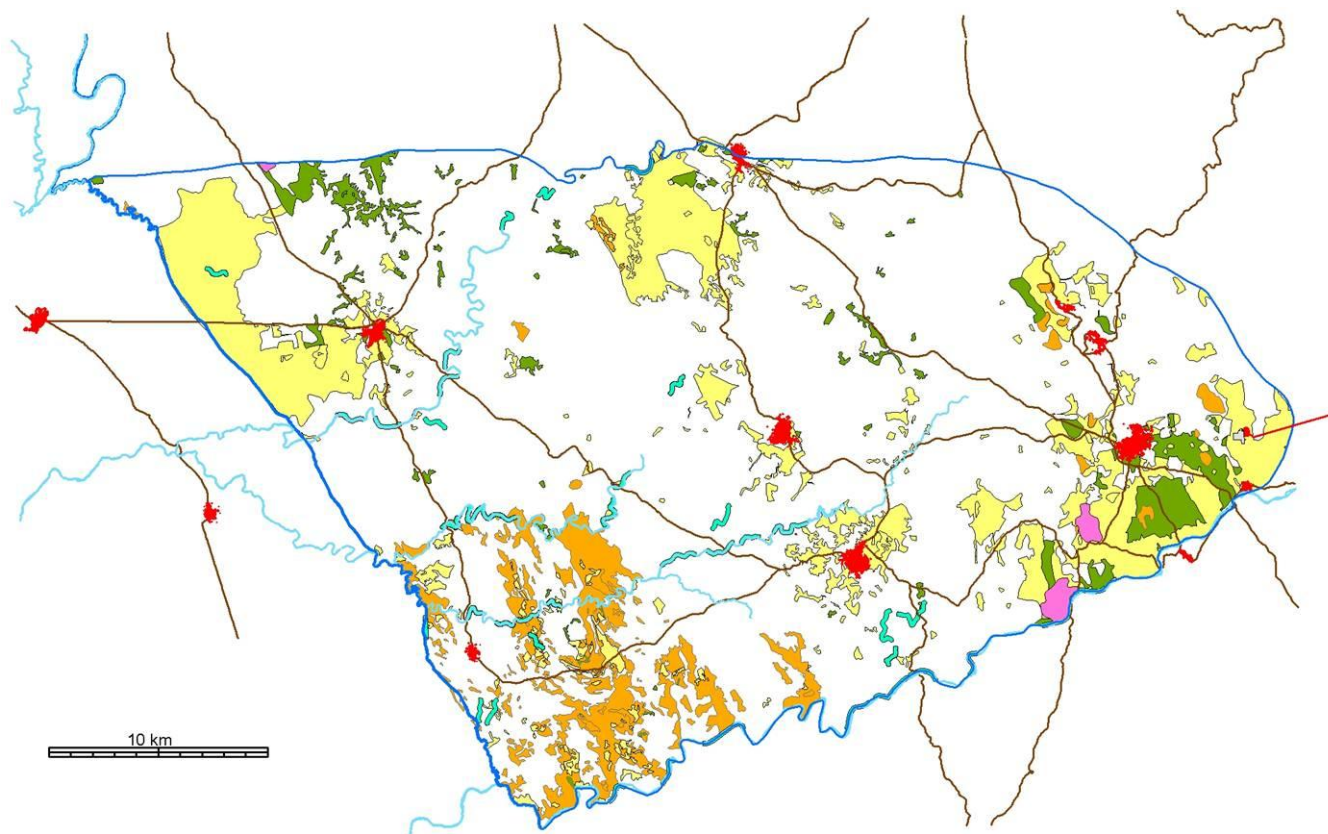

Matorral

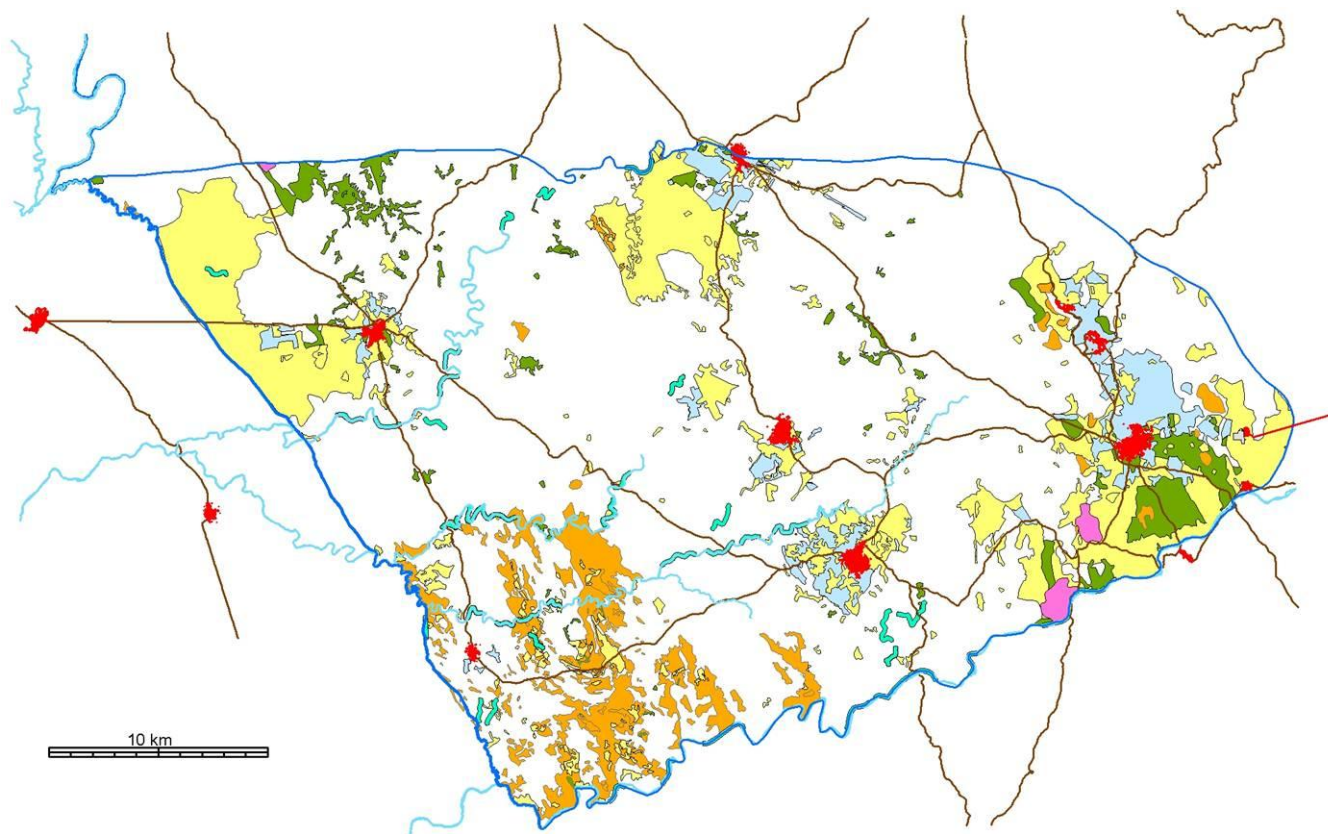

Pastizal

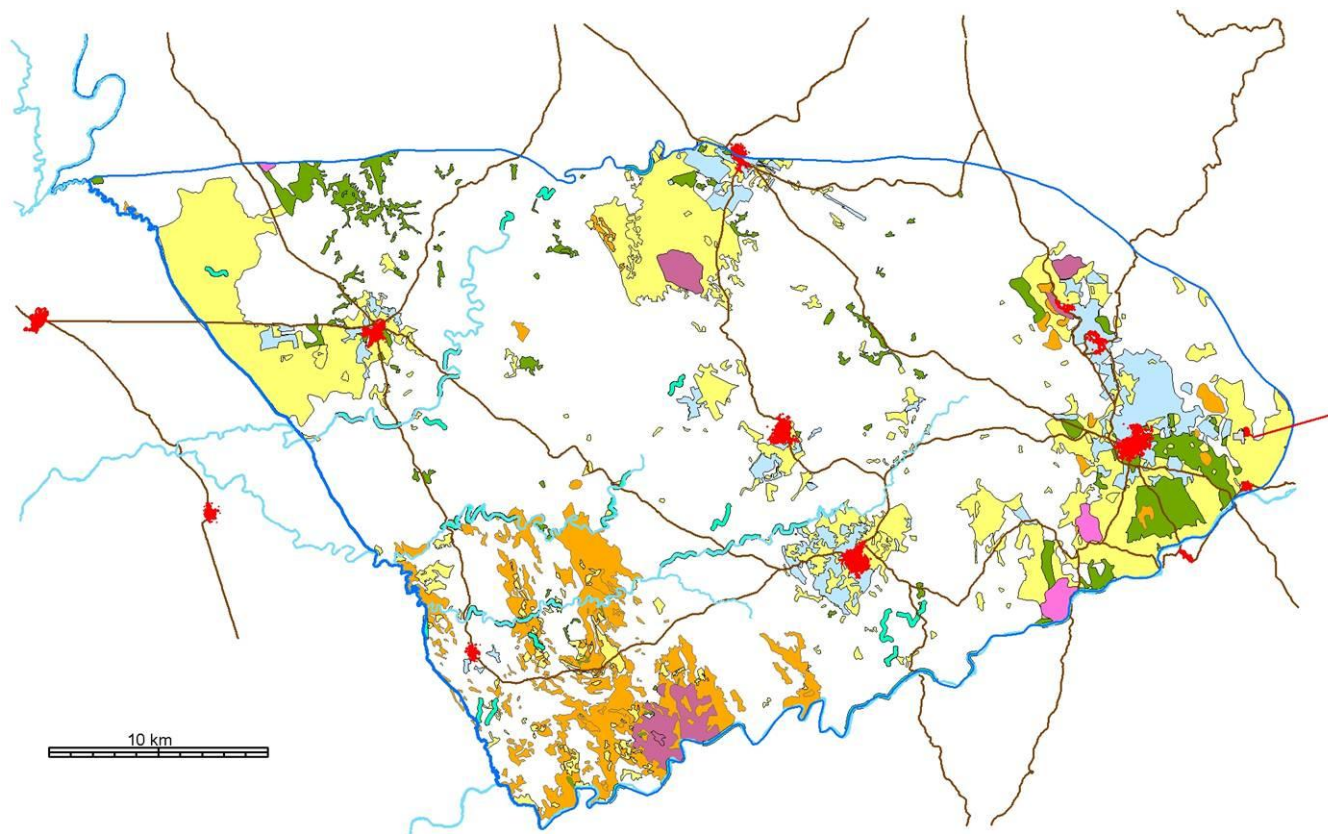

Cultivos arbóreos

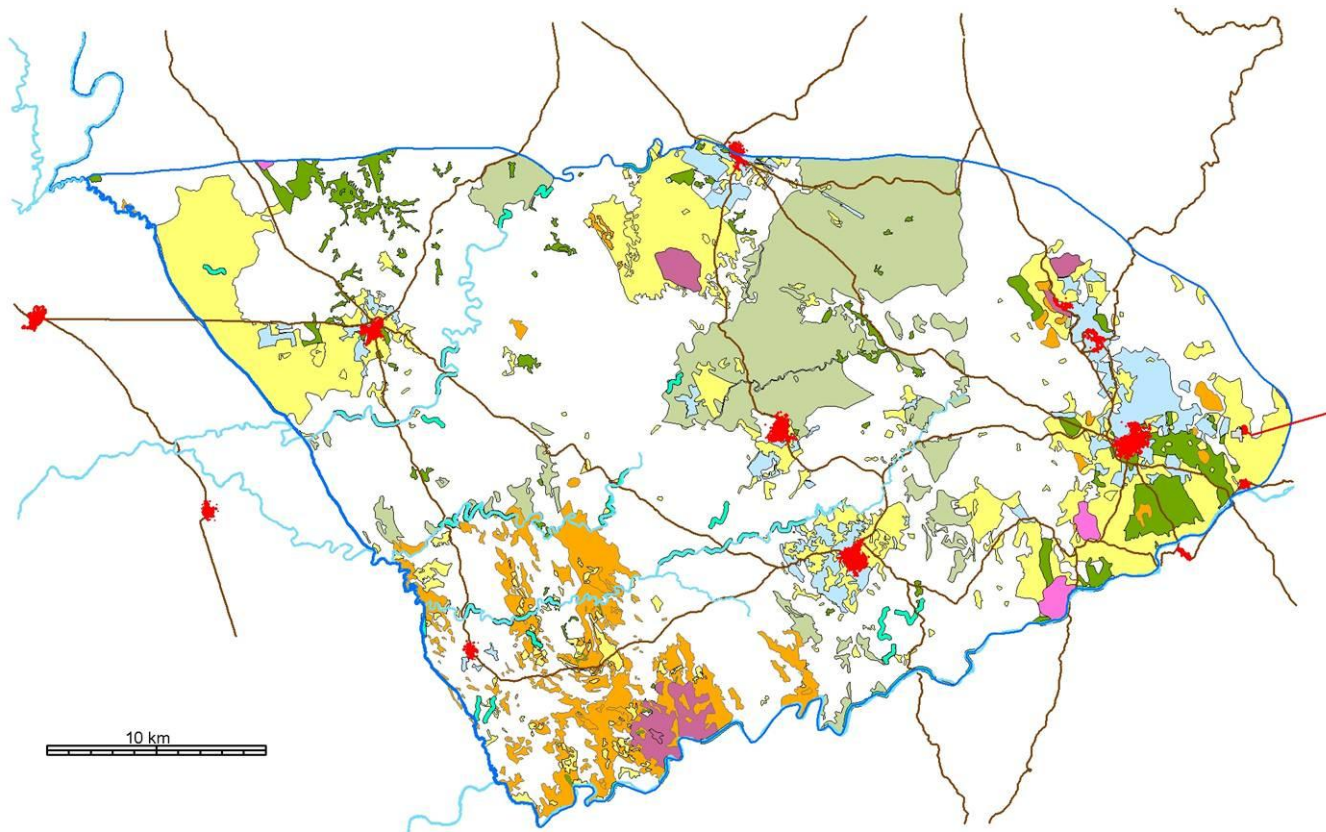

Plantaciones forestales

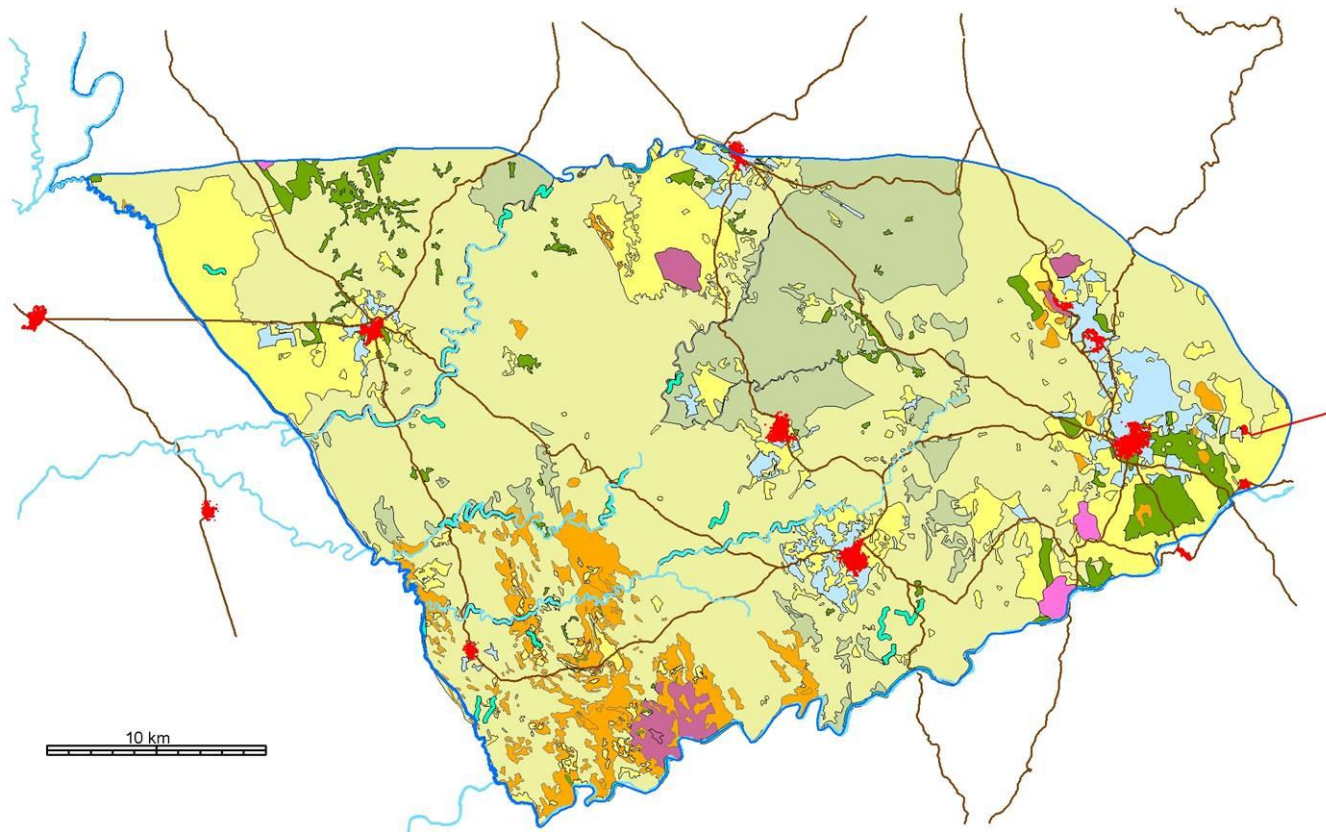

Dehesas alta fracción de cabida cubierta

Dehesas baja fracción de cabida cubierta

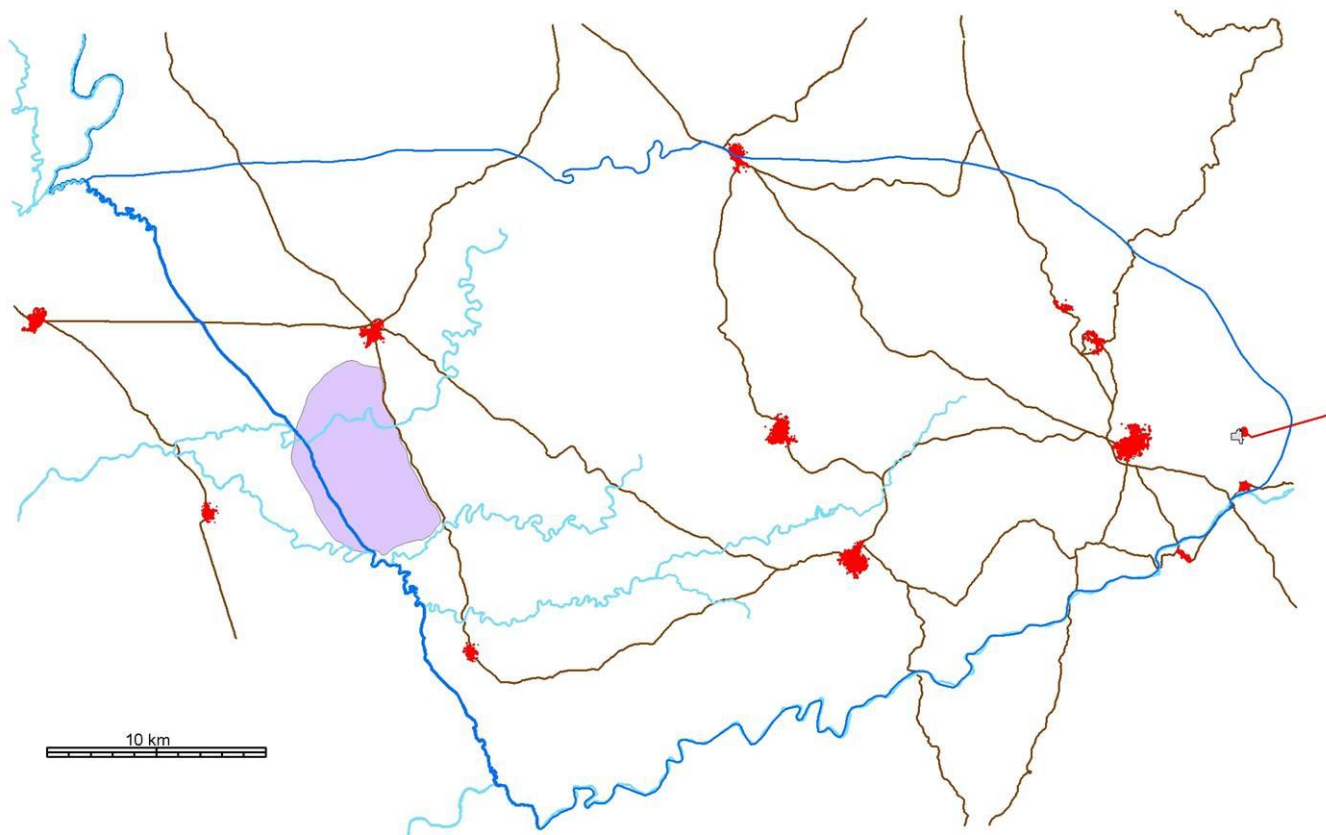

Zonas de importancia para la avifauna S.E.O.

Área dispersión águila imperial

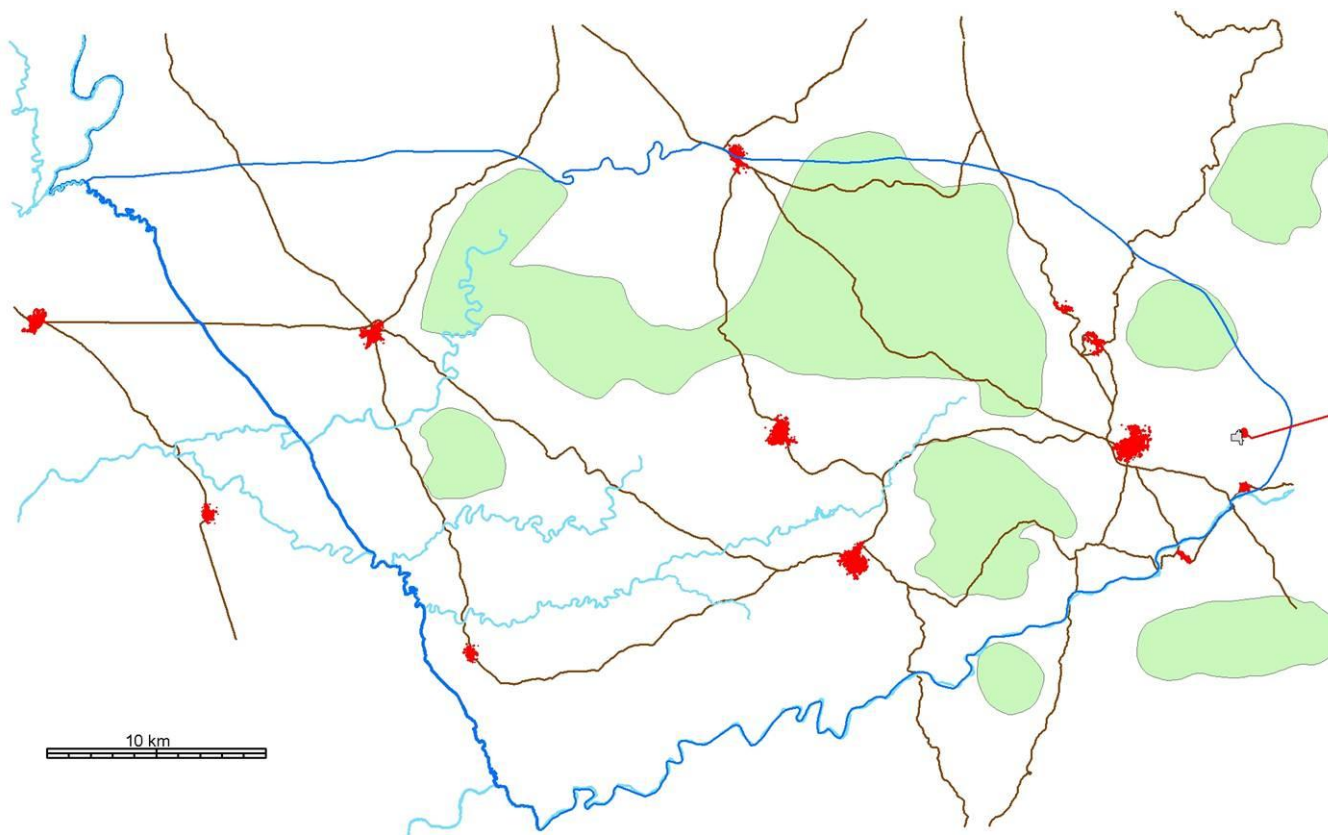

Zona nidificación águila real

Área distribución cigüeña negra

Zonas concentración cigüeña negra

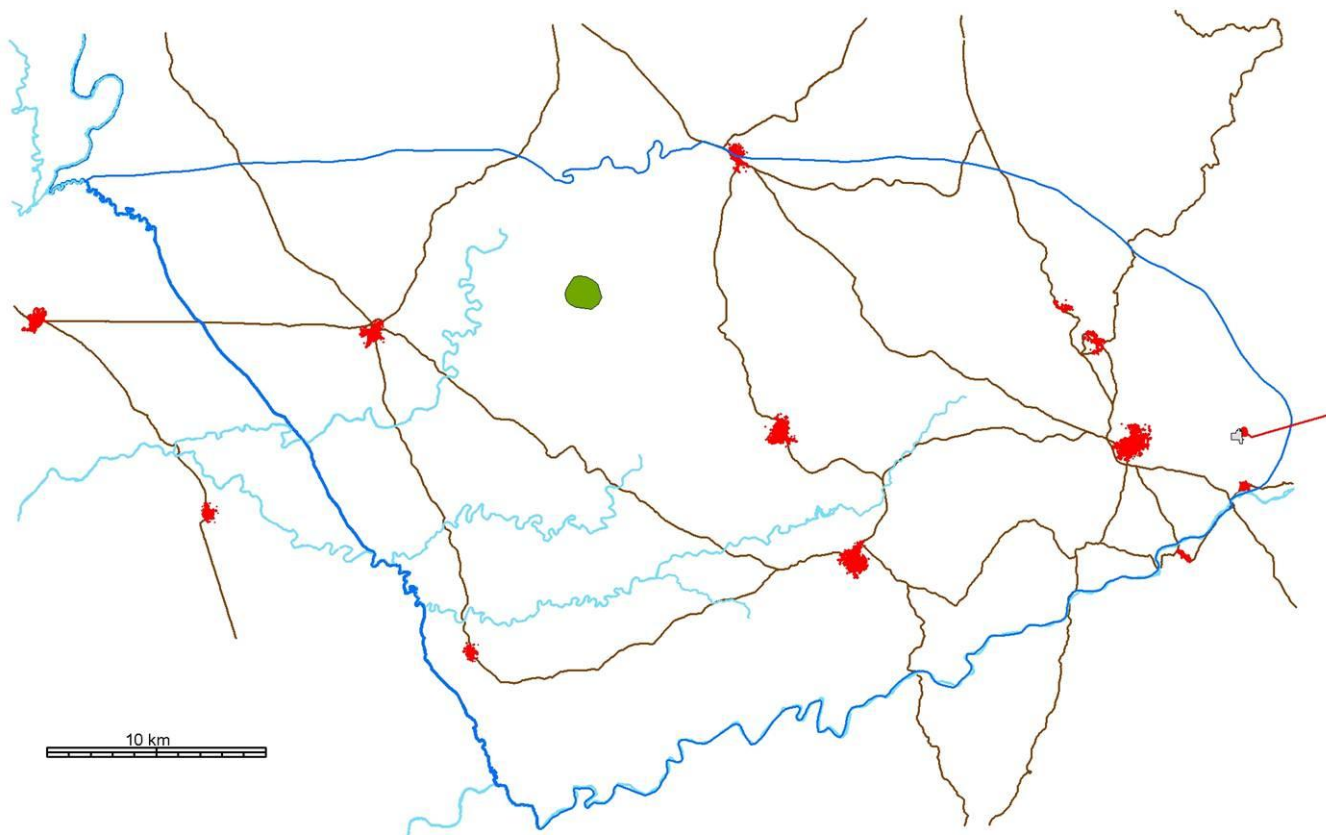

Zona nidificación búho real

Antigua zona nidificación alimoche

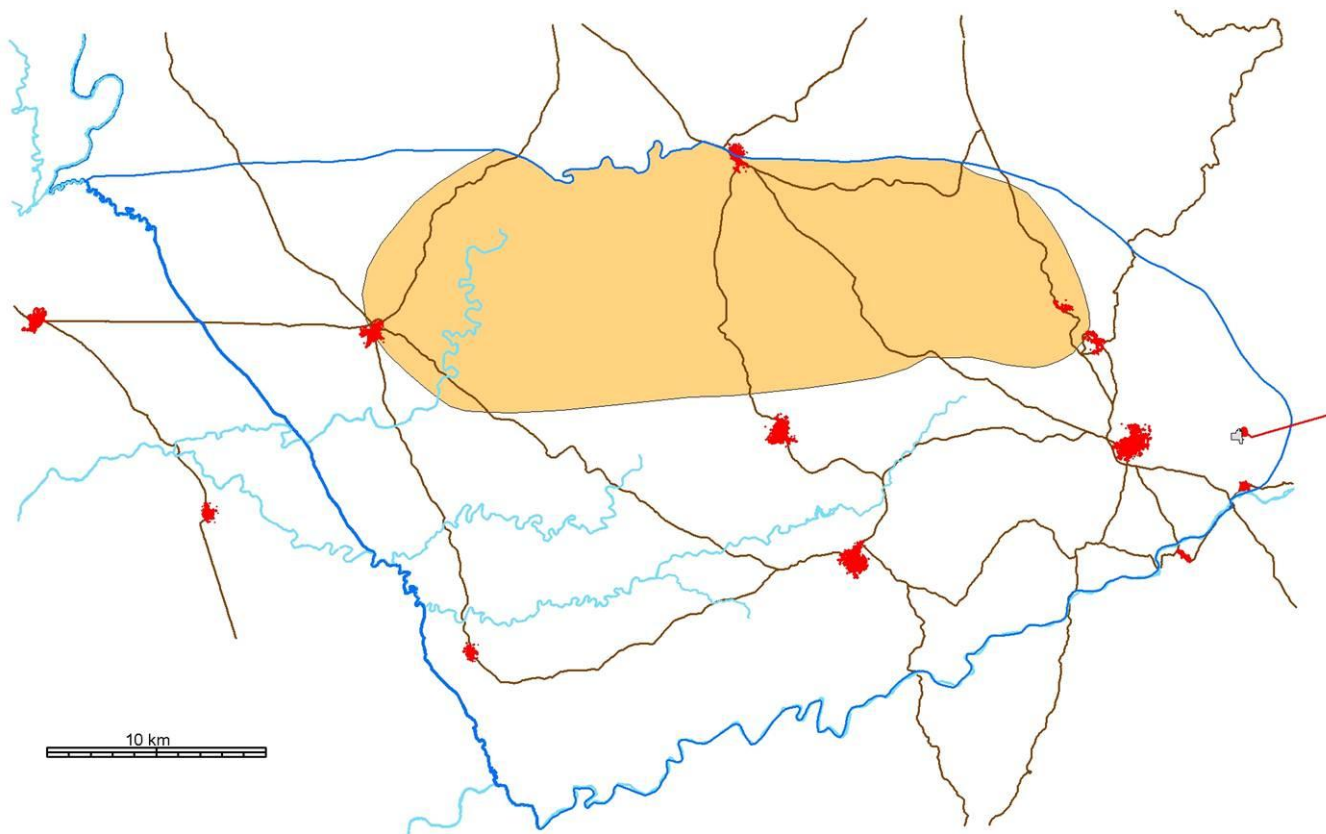

Dormidero milano real

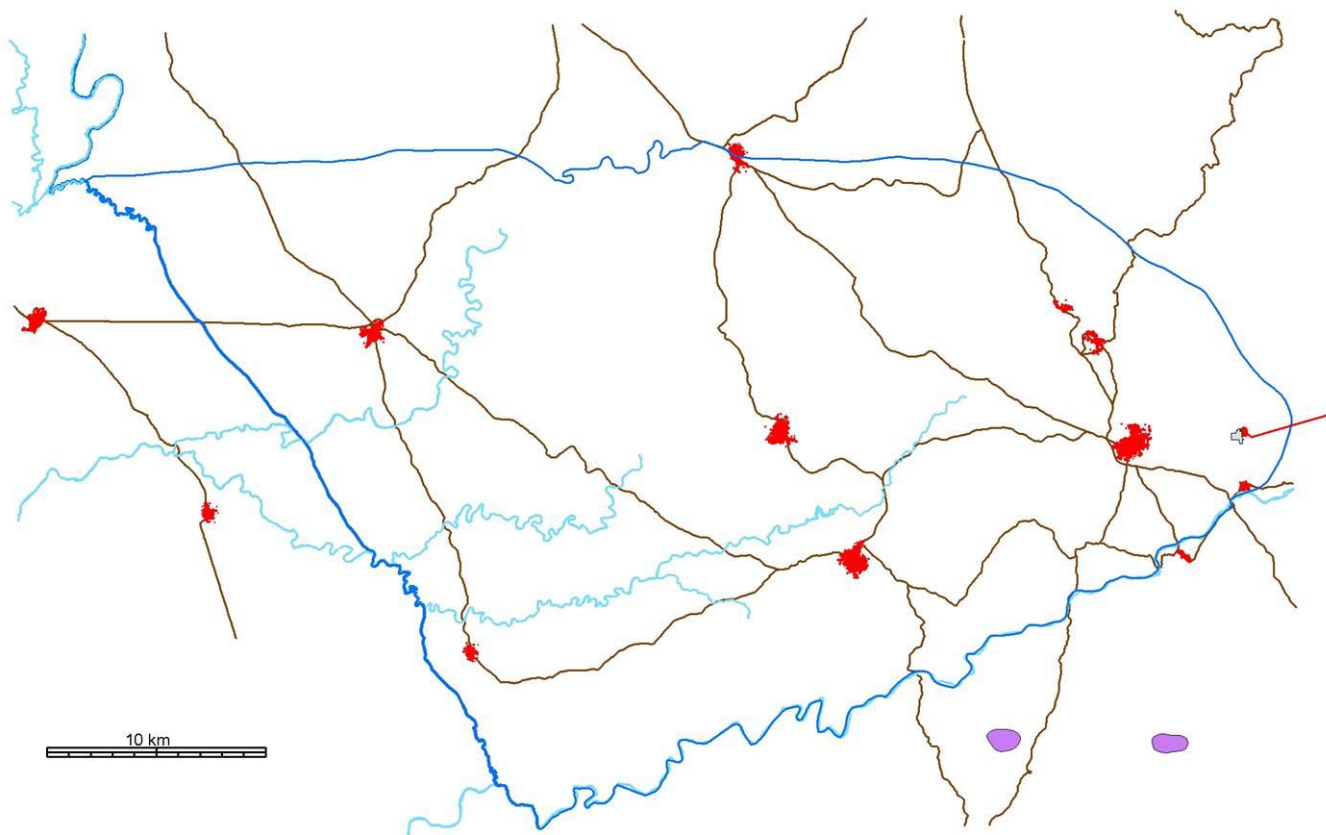

Zona alta densidad de rapaces

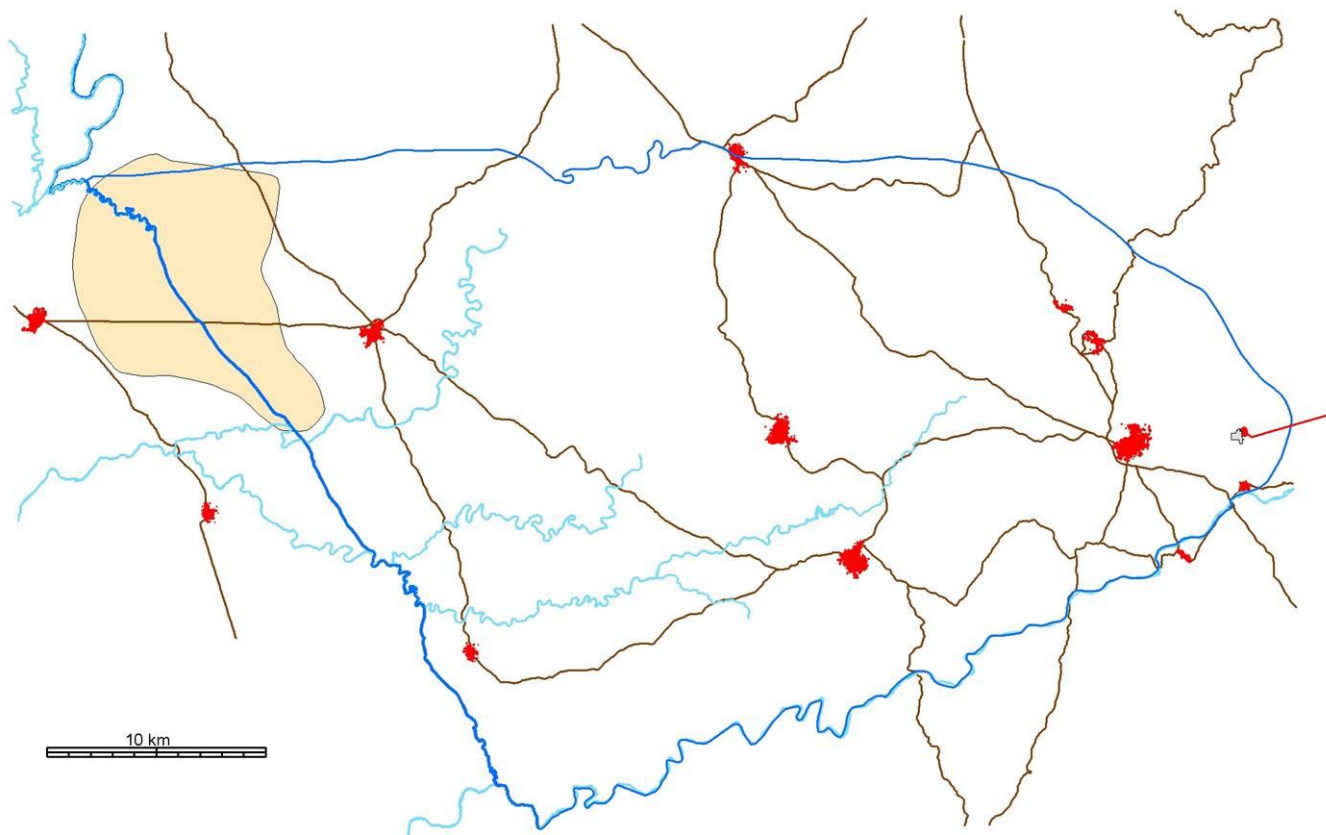

Posaderos buitre leonado

Área distribución avutada

Dormideros de grulla

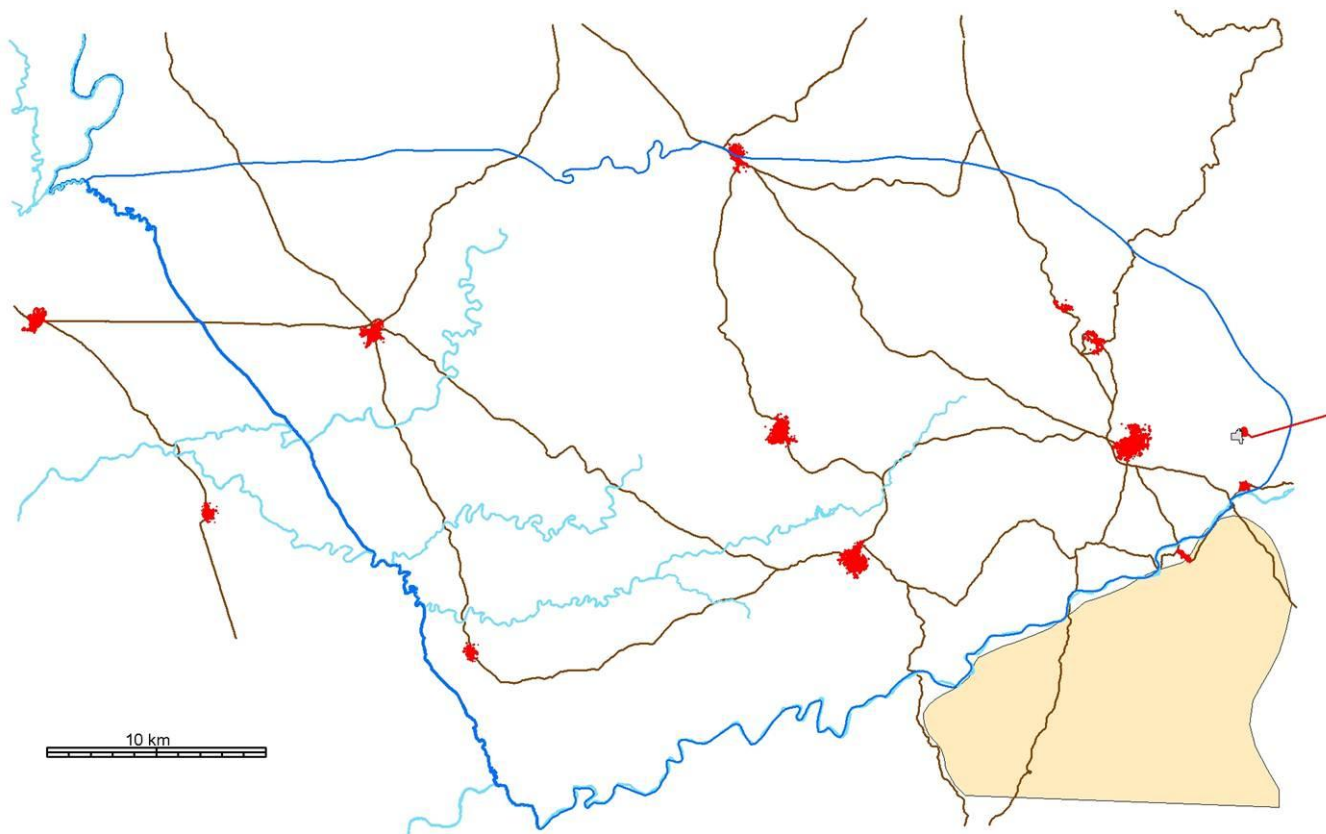

Área campeo grulla

Posible presencia de lince

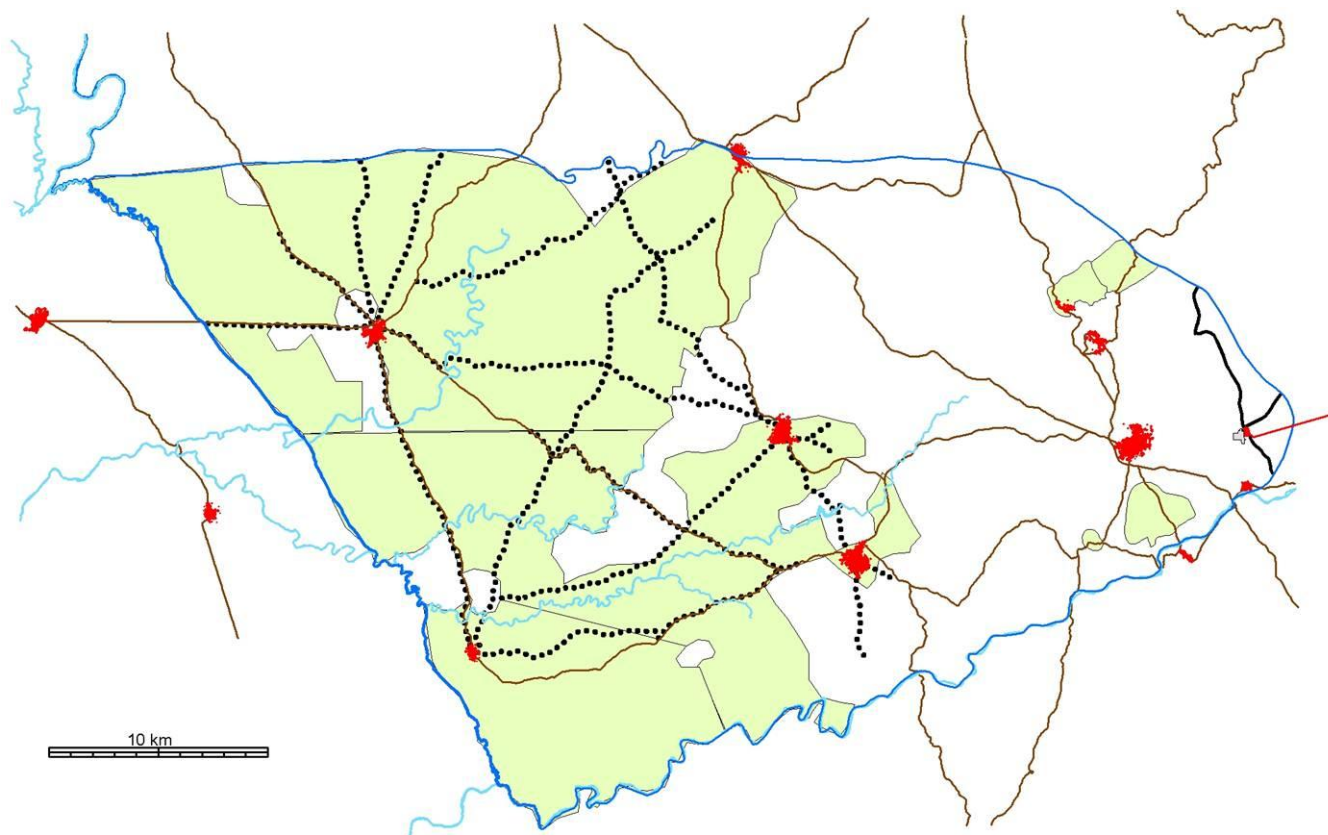

Vías pecuarias

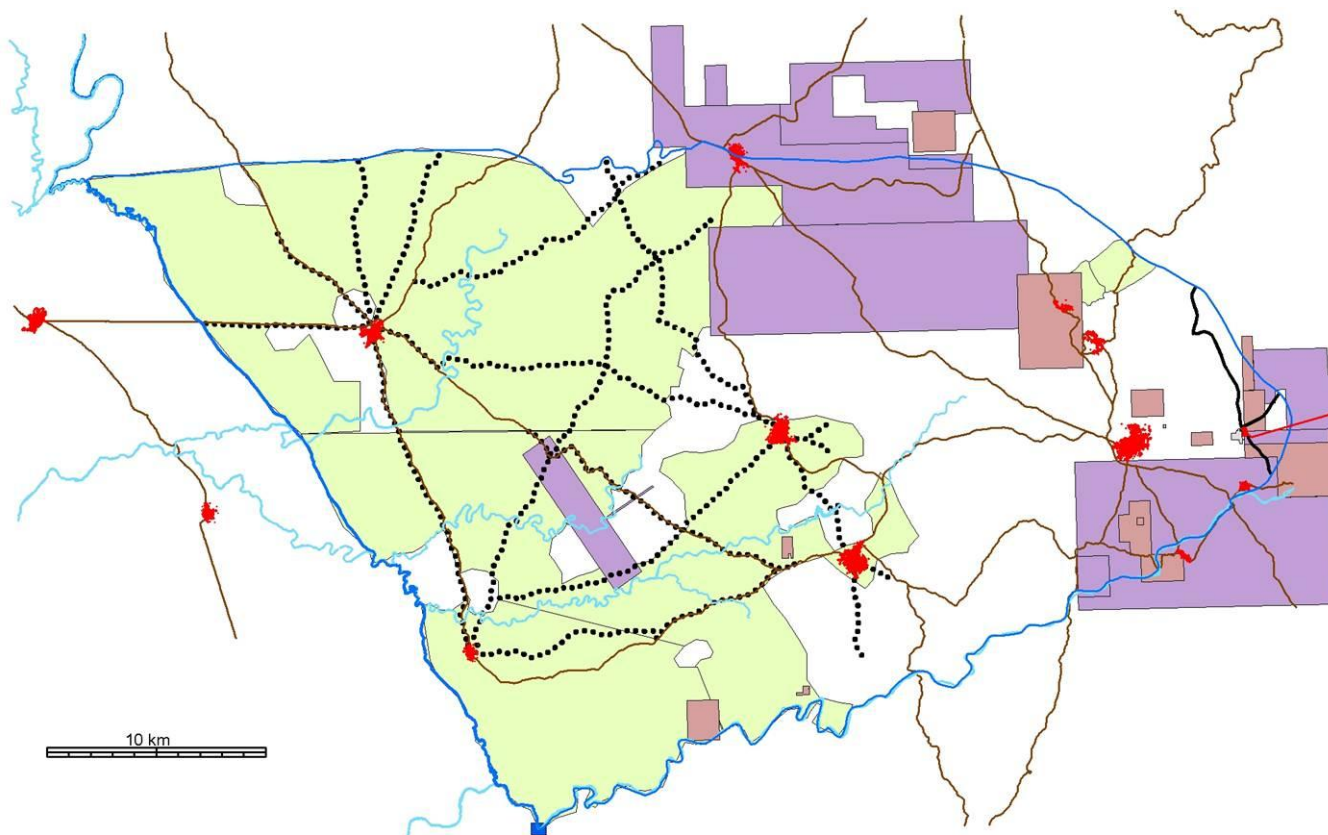

Montes comunales

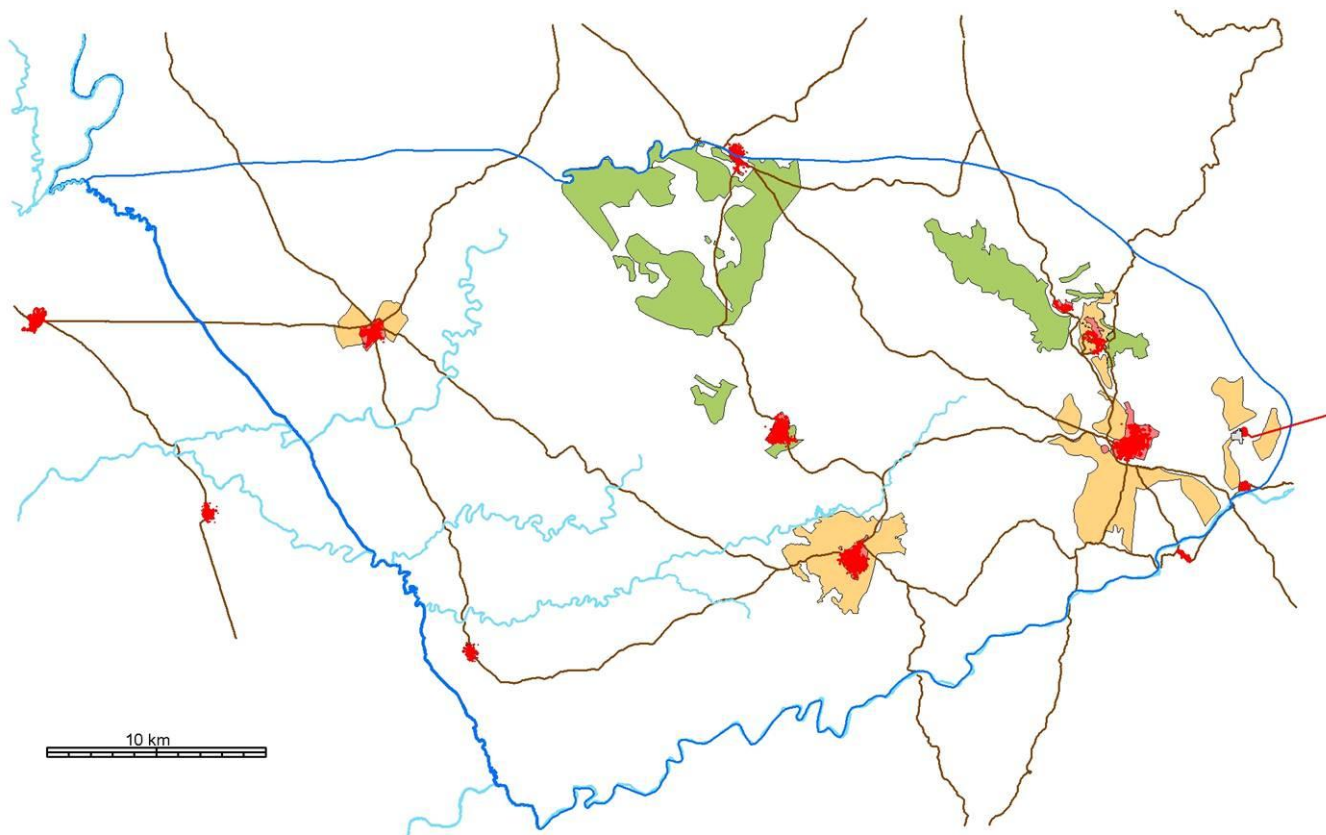

Minería

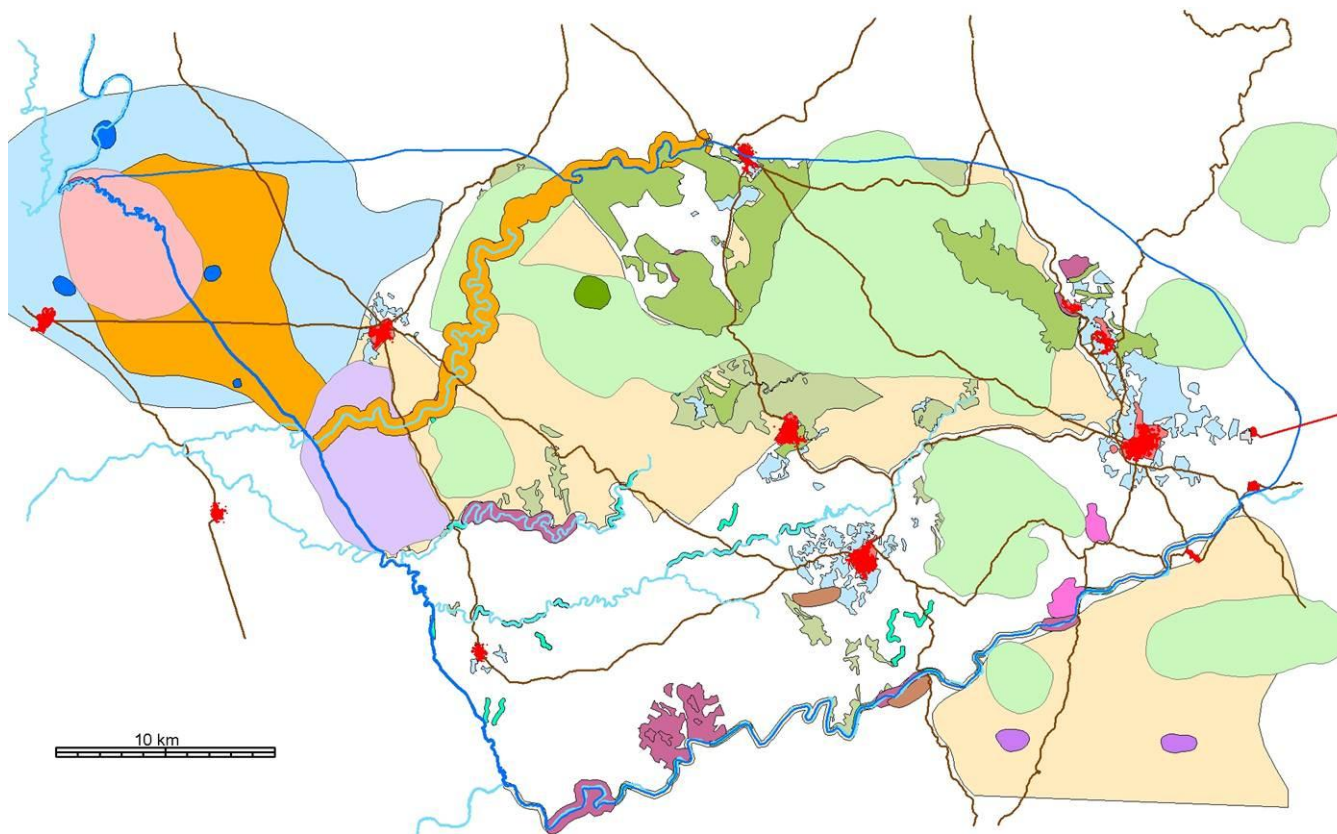

Urbanismo

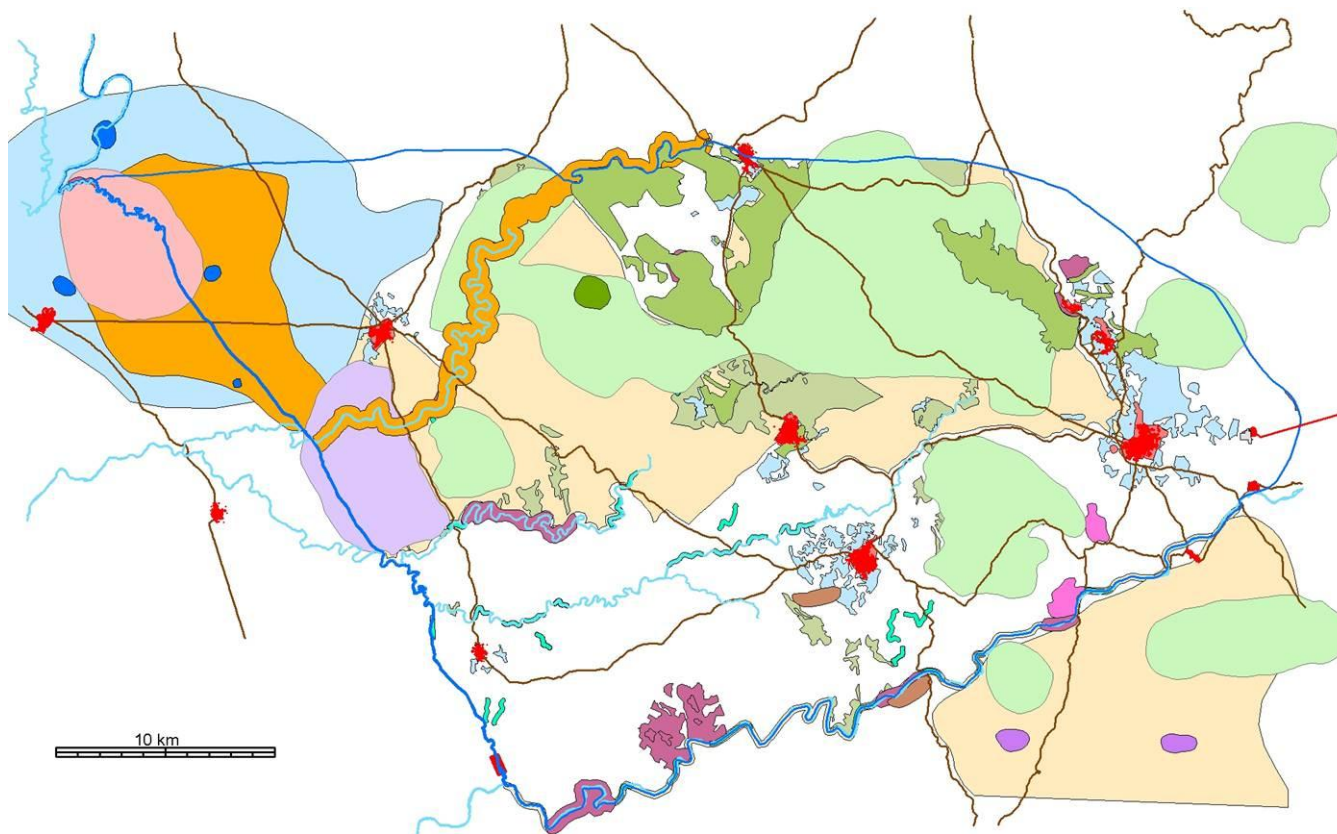

Síntesis ambiental

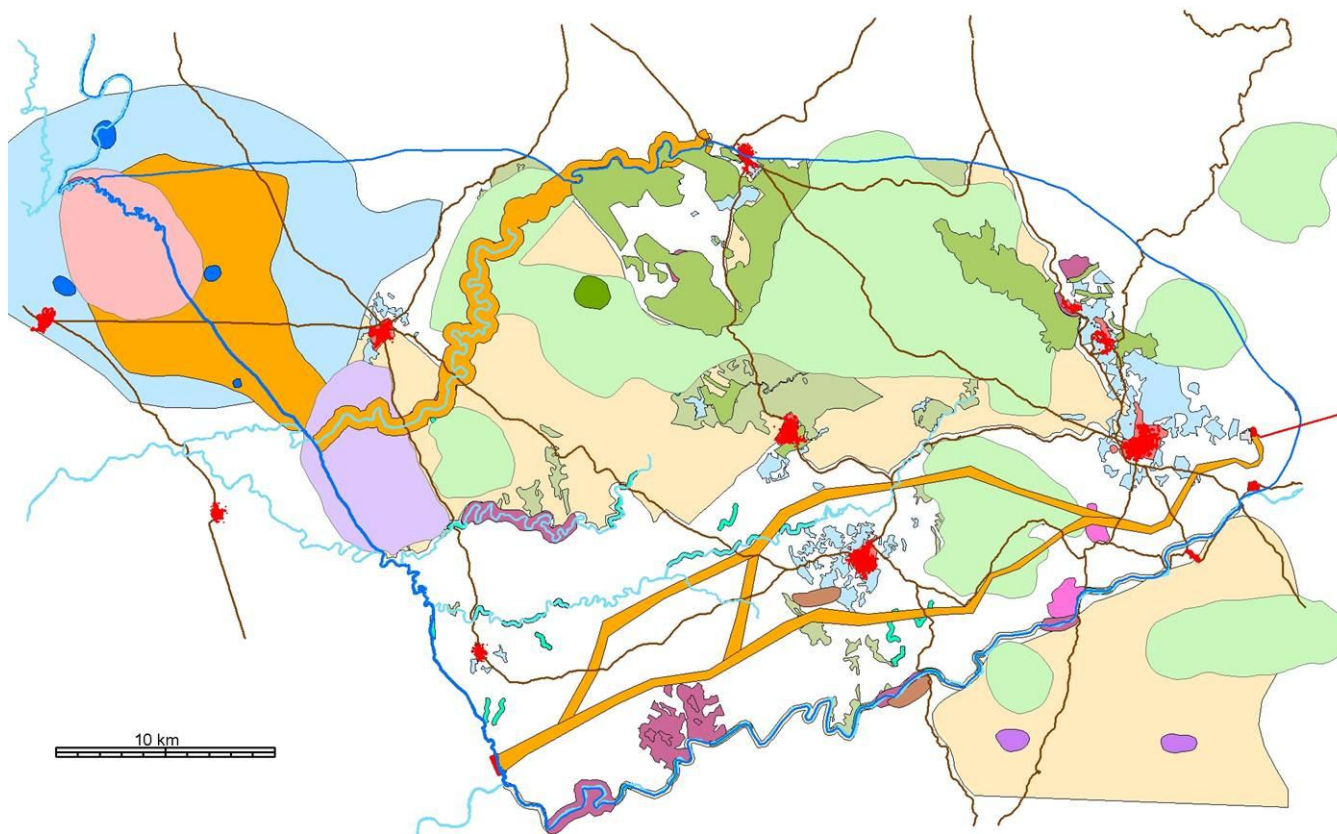

Zona de conexión en frontera

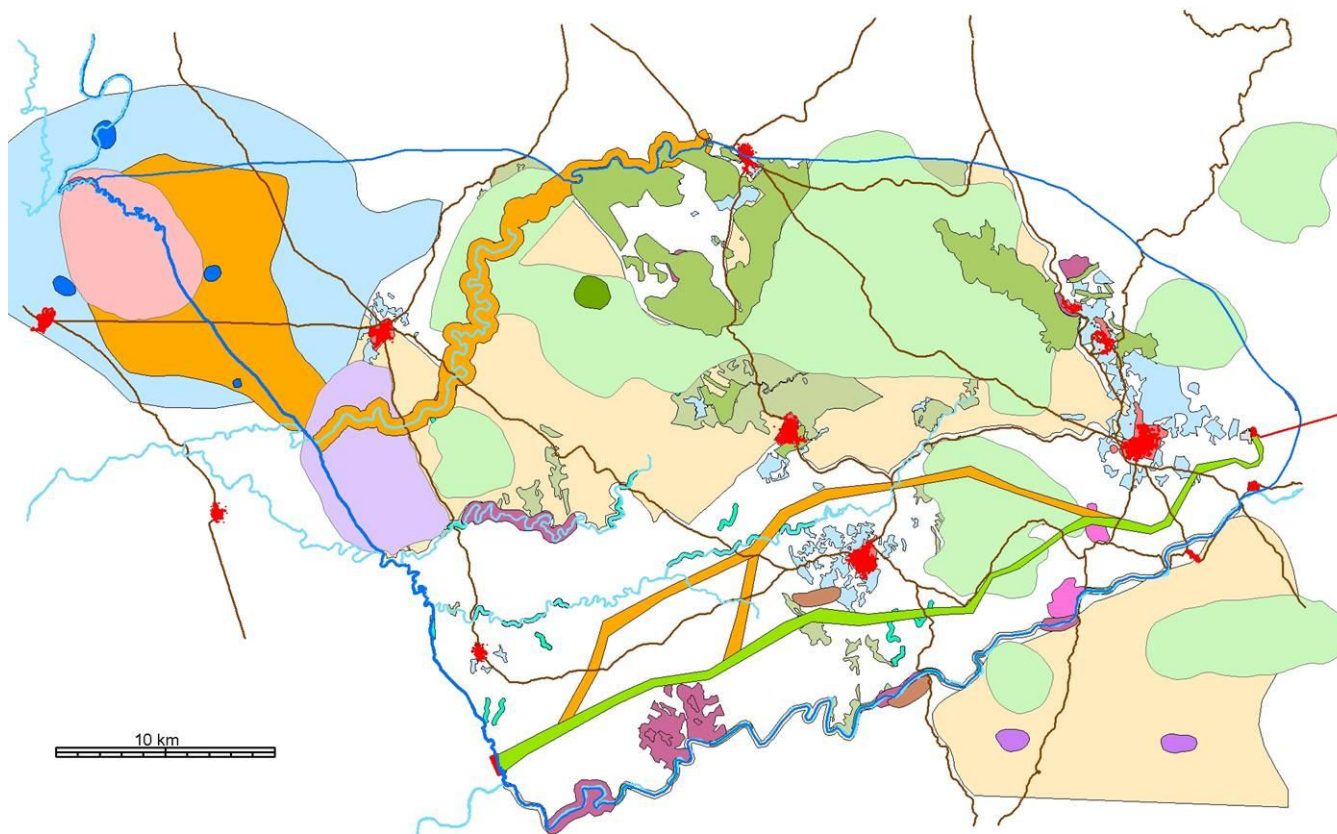

Alternativas sobre síntesis ambiental

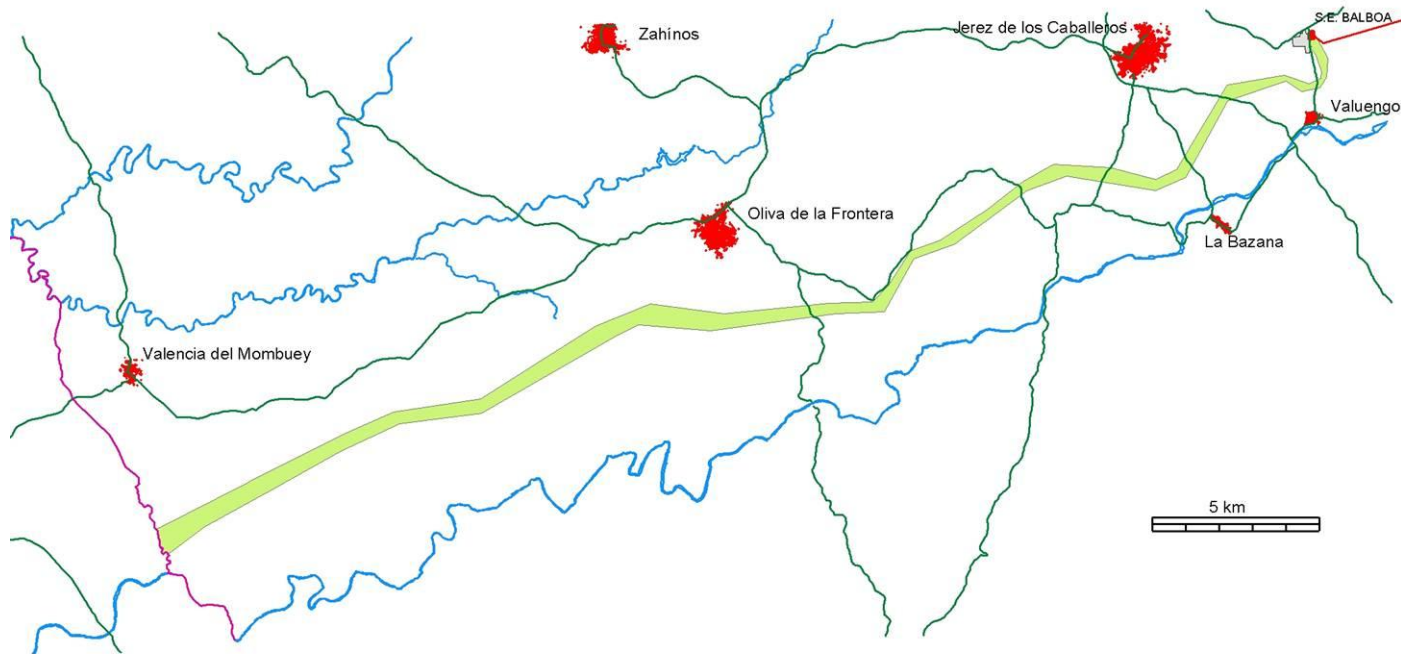

Alternativa de menor impacto
